## Continuous towel cabinet Tradition II

The robustly designed continuous towel cabinet Tradition II guarantees that the visitors to the toilet can always dry their hands. In the continuous towel cabinet a combination of standard or comfort system cassettes is used. The unique supply indicator system ensures that you see from the outside whether or not it needs to be topped up and, if so, with what type of cassette. You have three options:

1. See nothing = do nothing
2. Orange indication = top up with orange cassette
3. Red indication = top up with red cassette

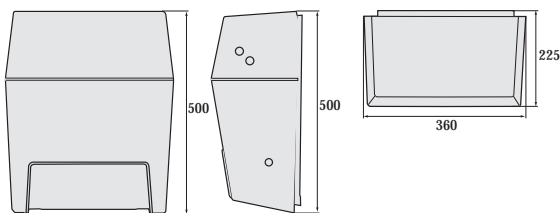

- Continuous system
- Supply indicator window
- Capacity of up to 375 hand pulls
- Can be topped up after 100 or 200 hand pulls
- Quickly and easily topping up of paper towel cassette at fixed times
- Detailed user manuals are included
- Hygienic separation of clean and used paper towel cassettes
- No litter bin necessary
- Use can be regulated by means of the time stop
- Can be opened with the universal Tradition key
- Dispenser is easy to clean
